

# ASSESSMENT TIME!

ALL THE NEWS THAT'S FIT TO PRINT BROUGHT TO YOU BY NEW MADINAH TIMES

TAS Project Preparations

## Showing That You Care

Assalamu Alaikum Dear Parents & Carers,

Week 8 is finished ~ SubhaanAllah!! The end-of-term holidays are coming so fast! As we plan our holidays let us remember that the end of term is what counts most!

Teacher's have started to assess students on all the learning they have done throughout the term, therefore, dear parents, please take notice of your child's homework; listen to them while they read, overlook their spelling and take part in a discussion with them about any writing tasks. When you do this, you will most definitely start to see your child caring more about the quality they put into their work, just from knowing that you care!

In week 11 parents will be given the opportunity to discuss their child's progress throughout term 1 in the parent and teacher interviews in shaa Allah. At this stage all assessment results will be in and your child's class teacher will be able to show you their progress and discuss where they are excelling and where they need extra support. Please remember we are in this together, we believe in your children and their future. \*Miss Nada\*

## Principal's Message

All praises be to Allah SWT and peace be upon his noble messenger Muhammad PBUH.

Assalaamu Alaykum Wa Rahmatullahi Wabarakatuh

Maa shaa Allah, well done to 5/6 Sapphire for class of the week. Keep up the good effort boys and girls.

All students have access to the online resource IXL which is an excellent tool for the children to practise and improve their skills in Mathematics. All students should have their logins and passwords, if they have forgotten, please call the school or ask their teacher on SeeSaw. Be sure to login to IXL using the school's custom login page which is: <https://au.ixl.com/signin/nmc>. Please encourage your children to strengthen their mathematics skills by logging on and attempting their work. Students are also able to work on skills in different grades, if they need to catch up by doing basic skills practice, or go ahead by doing more advanced work.

Also we had a special guest come in from the Aboriginal community. A big thank you to Aunty Enid for coming in and speaking to the children from grades 3 - 6 about aboriginal history and culture as well as showcasing some Aboriginal artefacts.

May Allah SWT reward everyone for the hard work and efforts.

Mouhamad Chmait - Principal

## Weekly Hadith

*The Messenger of Allah (peace be upon him) said: "O Allah, grant me life as a poor man, cause me to die as a poor man, and resurrect me in the company of the poor." Aisha asked him why he had said this, and he replied, "Because they will enter Paradise forty years before the rich. Do not turn away a poor man, Aisha, even if all you can give is half a date. If you love the poor and bring them near you, Aisha, Allah will bring you near Him on the Day of Resurrection."*

## AN INSIGHT INTO OUR GEMS WEEK OF LEARNING

### K RUBY

Assalam alikum everyone. Kindergarten have had a great couple of weeks filled with jelly, smell challenges, computer times, bead works, new puzzle activities and much, much more. Kindergarten are moving along nicely with their sounds and some students have even started to sound out words. Overall, the next couple weeks looks like it will be focused on cementing their basic sounds as much as possible as this is fundamental in helping them to read and write later in the year. Math is also going great with many students doing extremely well in their shapes exam.

We sent home their handwriting books on Wednesday. If your child's book was a little late coming in then there will be a couple of pages undone. However, apart from that everything should be completed. Please be considerate when looking at it. For many students this was their first attempt at writing and some of them are still working on their finer motor skills. Kindergarten were also very happy with the completion of their book and have eagerly moved on to handwriting in their writing books. Congratulations to all of them as this was a big achievement in and of itself.

We hope everyone has a great end of term. \*Ms Nikki\*

### 1/2 PEARL

Assalamu Alaikum! Last week we enjoyed going on our excursion to the Chinese Gardens. The students of Kindergarten, Year 1 and Year 2 were excited to explore the gardens and looking for living things. They particularly enjoyed feeding the ducks.

We also have been working on our science projects in the last 2 weeks. Their science project was to create a habitat for an insect or small living creature. Many of them were handed in on Wednesday and they have been very imaginatively presented using lots of different plants, sticks, grass and many other craft resources. Many of the students spoke about their habitat in front of the class and were able to show off their hard work.

Finally, we will be hearing your children speak to the whole class next week about the theme family. For this short 1-minute speech we would like them to bring a photo of their family to show the class. It would be best if you were able to send the photo through to me on Seesaw or if that is not possible a hard copy photo would be fine. Please contact me if you have any questions.

Thank you \*Ms Clare\*

DONE  
TO ALL!**

## 3/4 EMERALD

This has been a term that is going so fast. The students are showing great compassion for each other as a class and this makes me very proud.

Many star cards are being handed out and the students are compiling a collection towards their merits etc. The standard of work is increasing as the term progresses and the excitement from the students is so rewarding.

Thank you to all the parents for your support and to the students for putting in such an overwhelming effort. The history assignments are marked, and the results speak for themselves.

The requirements of the science assignment have been sent home and the project is due back on week 10, Tuesday the 3rd of April 2018. I am looking forward to viewing them and listening to the student's speeches.

Kind regards

Ms Catherine

## 5/6 SAPPHIRE & 7 DIAMOND

*Mr Khaled*

SubhanAllah, we are fast approaching the end of Term 1. Alhamdulillah, it has been a tremendous term. Yesterday, we had the pleasure of hosting a visit by our local Aboriginal elder, Aunty Enid. The students were fascinated by what she had to share and had some amazing questions to ask her.

We still have a couple of weeks to go and the End of Term assessments in Week 11. We will be revising next week, so the students will be fully prepared for them. After all the hard work this term, the students will be able to relax and enjoy some wonderful events inshaAllah, which include the Athletics Carnival and the Year 7 TAS stall.

I implore the students to keep up this momentum and finish the term well. I would also like to remind the parents and guardians to sit with your children and listen to them read at least 10 minutes every afternoon.

Regards Mr Khaled

*Ms Sarah*

Stage 4 student are getting really close to their TAS (Technology & Applied Studies) sell off. In fact, tomorrow Thursday, they will meet with members of the School Bank (Administration staff), in order to get their project accepted and sponsored for a loan (halal no interest loan of course). Let's wish them good luck!

Stage 3 are working with full strength, we have had cases of some homework not done well, but we will fix that! As always, I am thrilled and pleased to have such a great class! In mathematics we are presently working in Geometry, which is a more visual subject and easier to work with! We will soon be building art with it!

Other than that, if I may, I would like to ask for your help dear parents. Students might struggle through the finals as week 10 is coming quickly, a lot of projects are due, homework and studies on the line. If it's possible, make sure the students know what's on their schedule. I will post their timetable on Seesaw for you to see.

Thank you very much! When we all work as part of a team we will only make our students stronger and on the road to success!

Regards Ms Sarah

## UNIFORM

At New Madinah College our appearance matters! Please make sure your child is wearing the correct uniform to school every day. This includes black shoes on non-sport days, a school jumper when its cold and the right colour hijab.

## LUNCH ORDERS

Please send your child's lunch order written on a brown paper bag with their name, class and order. If sauce is required, please write your child's selection of sauce with their order.

## ABSENCES

If your child is absent from school for any reason, please remember it is a mandatory requirement to explain their absence. Therefore, please send a note explaining the absence the day your child returns to school.

Thank you 😊

# UPCOMING EVENTS

Date	Event
2nd April	Public Holiday
5th April	Year 7 TAS Fundraising Stall
9th, 10th & 11th April	Parent & Teacher Interviews
12th April	Athletics Carnival
