

# FINAL TERM OF 2019!

ALL THE NEWS THAT'S FIT TO PRINT BROUGHT TO YOU BY NEW MADINAH TIMES

## Welcome Pre-Kindergarten!

Assalamu Alaikum Dear Parents & Carers,

Alhamdulillah we have reached the final term of the year and I am proud to see students have settled straight into their work after the holidays!

This term is going to pass by so quick, so strap on your seat belts and get ready for a term complete with laughter, enjoyment and hard work inshaa'Allah. This Monday we were excited to welcome our 2020 Kindergarteners and enjoyed a scrumptious morning tea together with our current Kindergarten class. Pre-Kindy also came along on Wednesday for their first transition day which went adorably well, and I say adorably purposely because mashaaAllah all these little ones are just so beautiful and excited to come to school tabarakallah! It is very humbling to see our next generation of students coming into school so happy.

This week we have also had Mr Rafid the dentist examine and scrub clean students teeth. Parents please be aware that each child seeing the dentist will be receiving a report for your referral inshaaAllah.

We have a lot install for you this term including a whole school excursion, the Year 6 Dinner, End of Year Celebration and End of Year Assembly in shaa Allah.

I would like to remind parents to continue to encourage their children to dedicate themselves to their education and faith and reap the rewards of what they sow.

Regards, Ms Nada – Assistant Principal

## Principal's Message

All praises be to Allah SWT and peace be upon his noble messenger Muhammad PBUH.

Assalaamu Alaykum Wa Rahmatullahi Wabarakatuh

Welcome back to school, may Allah SWT make it easy for everyone to strive for excellence. This term we have many events planned for students and parents. Most importantly I wish for students to put their heads down and strive to finish the year strong academically, physically and spiritually inshaa'Allah. When students work hard they will find the rewards of their hard work and effort.

I would like to thank all the volunteers and community for their help and support at the Harden Kite Festival. Alhamdulillah it was a great success and very enjoyable for everyone involved.

Term 4 will go by very quickly, as you can see already 2 weeks have passed by. We have a whole school excursion planned, a community lunch, and possibly a swimming carnival at the end of this term.

I wish everyone a blessed Jumu'a and safe weekend.

Mouhamad Chmait - Principal

## Hadith

*The Messenger of Allah (Peace and blessings be upon his) said: "The strongest man is the one who, when he gets angry and his face reddens and his hackles rise, is able to defeat his anger."*

# CLASS LEARNING

## AN INSIGHT INTO OUR GEMS WEEK OF LEARNING

**K RUBY**

Assalamu Alaikum everyone and welcome to Term 4. Kindergarten have had a couple of really big weeks with kindergarten Orientations days on Wednesday and an information session on Monday, in which kindergarten each wrote a speech to welcome the 2020 Kindergarten. They have also started Karate for sport which they are all really excited about.

On a work-related note Kindergarten have started a reading challenge for whomever can read the most books by the end of the term. There are prizes to be won so get reading!!!! Please help them read and sign their yellow book each night (It does not count unless a parent has signed). Kindergarten seem very keen and I would like to encourage them as much as possible. Thanks. In addition, Kindergarten have also started their exams early to help spread them out without overloading them, please see their homework and practice tests to see what exams are coming up that week.

Lastly, we have welcomed two new students to our class Ayman and Ayesha, whom have adjusted well. We were all very excited to see new students in our class and look forward to working with them in class and having lots of interesting adventures in the playground.

That's all for this fortnight. Kindest Regards

Kindergarten Ruby

**1/2 PEARL**

Asalaamualaikum Pearl class families,

SubhanAllah can you believe we've nearly reached the end of the year! Your little babies are growing up fast and their progress this year has been amazing. We have a fairly busy term to finish the year, so please remind your children to keep up with their homework to prepare them for assessment later in the term.

In Science we are exploring light and sound and the children will make a mobile as their assessment item. If you have any old CD's and other small reflective items we can use please send them in with your child (nothing too heavy for a piece of string to hold). In Geography we are looking at people's connections to place, inshaAllah we will turn one wall into a giant map for the children to engage with.

For English we are looking at persuasive writing and we'll be covering a range of topics in Maths. For PDHPE we'll be doing Karate lessons so keep your eye out on SeeSaw and Whatsapp for photos.

Praying you all have a safe and peaceful weekend.

Regards,

Ms Ellen & Ms Sarah

## 3/4 EMERALD

Assalamu Alaikum students and parents,

Welcome to Term 4! I hope that it will be a very educational and successful time for the students and that we all finish the year on a high note!

I would just like to say that it has been a great start to the Term. 3/4 Emerald won class of the week last week. It was our third win in a row. The behaviour of the class continues to improve every week and I am very proud of them. They hardly require behaviour management. The class does occasionally forget to raise their hand and do walk around the room without permission occasionally, but they are getting better at these two classroom expectations and I expect this to improve as time goes on.

Students have been working well in all their subjects so far. In English, we have started to learn about procedural writing and will also get the opportunity to improve their poetic writing. In Maths, students have been revising their multiplication and division. There has been some confusion with these two subjects so some revision at home might be helpful for the students. In Science, students will be learning about energies. They built a balloon car on Tuesday and we should be continuing to fix these up over the next week. In Geography students have been researching the different types of environments and have been outing their knowledge to use in class discussions. My favourite subject this term is going to be CAPA, where students will be studying drama. I studied drama in University and have a genuine passion for the subject. The first lesson I had with them was fun and this should continue throughout the term. They also made some very interesting mime mask designs.

I look forward to the term. I am hoping that it will be a good one for everyone. I would also like to take the time to remind students to complete all their homework every week to avoid a homework detention. Ms. Amanda 😊

## 5/6 SAPPHIRE &

## 7/8 DIAMOND

### MR ADRIAN

Assalamu Alaikum parents,

Students are settling into the term well. It's as if the holidays never happened! 5/6 Sapphire have a poetry and recount focus this term in English, as well as doing all of the other activities they usually do. In Geography, they are learning about Australia's climate and vegetation. They may be shocked as to the types of environments that Australia possesses! 7/8 Diamond have also hit the ground running.

In English, the students are studying poetry and a film for half a term each. They are behaving well and am I happy about that, especially with the addition of two new students. I have figured out that keeping the air conditioner on has helped! In Geography, their topic is Interconnections. Here, they focus on the connection between humans and the environment in a multitude of ways. I feel that if they take it on board, it can assist with their understanding of how the real world works on a global scale. This will help them more fully understand the news, politics and how society works in general.

Until Next Time, Mr. Adrian

# PRE-KINDY TRANSITION DATES

6<sup>th</sup> November  
20<sup>th</sup> November  
4<sup>th</sup> December  
18<sup>th</sup> December

# NO HAT NO PLAY

The No Hat No Play policy is in full swing this term, please make sure your hat is labelled with your name.

## 8 WAYS TO ENCOURAGE YOUR CHILD TO TAKE PRIDE IN THEIR WORK

### #5 Require them to take pride in their work

When they aren't taking pride in their work, they need to own up to that. At times when kids are told their work is not sufficient, they like to argue. But in the end, it is you who decides, and if their work isn't as it should be, you must require them to take ownership of their work and then fix it.

# UPCOMING EVENTS

Date	Event
31 <sup>st</sup> October	Years 3 to 6 Poets Visit
6 <sup>th</sup> November	Pre-Kindy Transition Day
20 <sup>th</sup> November	Sunnah Day & S2 Fundraiser - Pre-Kindy Transition Day

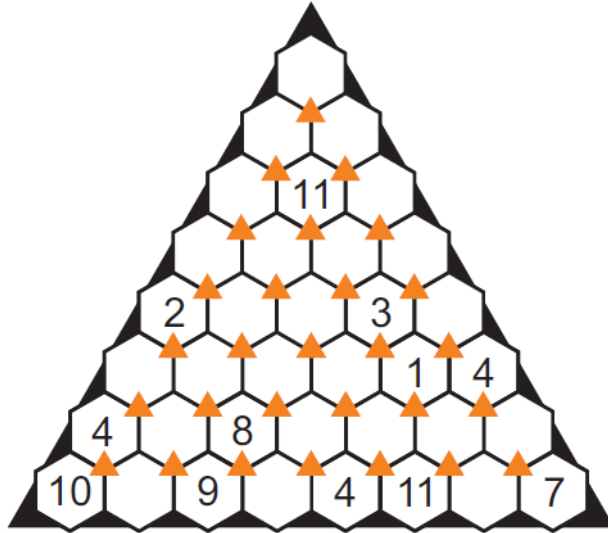

## Subaddo Pyramid

Instructions:

Each orange triangle connects a set of three numbers.

Two numbers must add or subtract to equal the third.

All numbers must be between 1 and 12 and no number can be repeated either in a horizontal or diagonal row.
