

FINAL TERM OF 2020!

ALL THE NEWS THAT'S FIT TO PRINT BROUGHT TO YOU BY NEW MADINAH TIMES

Welcome Pre-Kindergarten!

Assalamu Alaikum Dear Parents & Carers,

Alhamdulillah we have reached the final term of the year and I am proud to say this year has been a great success thus far. In shaa Allah our aim at New Madinah College as administrators and teachers is to educate, mentor and support our students to become young persons who are invaluable to the Australian community.

This term will pass by quick! Strap on your seat belts and get ready for a term of laughter, enjoyment, hard work and dedication. Alhamdulillah this week we welcomed our 2021 Kindergarteners with a fabulous morning tea. We very much enjoyed our time meeting the next generation of NMC student, may Allah bless them.

In week 1 students had a visit with Healthy Harold in his interactive van. Each year of primary school students are taught a new topic relating to friendships, health & safety in a fun and exciting setting.

Still to come towards the end of this term is a whole school excursion, Year 6 Dinner, End of Year Celebration and End of Year Assembly in shaa Allah. I would like to remind parents to continue to encourage their children to dedicate themselves to their faith and education. Ms Nada

Principal's Message

All praises be to Allah SWT and peace be upon his noble messenger Muhammad PBUH.

Assalaamu Alaykum Wa Rahmatullahi Wabarakatuh

Welcome back dear families to the final term of the year!! SubhaanAllah it is amazing to think the 2020 school year is coming to a close. May Allah SWT make it easy for everyone to strive for excellence. This term we have many exciting events and celebrations planned for students and parents. However before we begin to celebrate, I would like to see students put their heads down and strive to finish the year strong academically, physically and spiritually inshaa'Allah. When students work hard they will find the rewards of their hard work and effort.

Alhamdulillah this week we welcomed our Pre-Kindergarteners to New Madinah College. It was wonderful to meet the beautiful new families joining our school community. Thank you for entrusting us with the education of your children.

Term 4 will go by very quickly, as you can see already 2 weeks have passed by. We have a whole school excursion, a community BBQ, swimming carnival and year 6 dinner planned. I wish everyone a blessed Jum'ua and safe weekend.

Mouhamad Chmait - Principal

K RUBY

Assalamu alaikum friends and welcome to term 4. This past fortnight has been a fun filled one with a visit from Healthy Harold where students explored the unit 'My body matters'. They revised on how to take care of themselves, keep themselves safe in various scenarios and how lead a healthy lifestyle in the future. We also had pre-kindy orientation which has led to much excitement on kindergarten's end with many of them recognising friends and siblings now coming to school.

Next fortnight the school will start swimming as a sport. This starts on Tuesday the 3rd of November. If you child could please practice getting changed in and out of wet clothing as much as possible it would be greatly appreciated. The students will also be walking to and from the pool in their swimmers so it is recommended that all students have crocs (enclosed water shoes) so their swimmers do not drip into their socks and give them blisters. Additionally, if you could please put your child's name on EVERYTHING (even underwear) as we have had many items go missing in the past.

Lastly, please remember to read constantly with your child as it will greatly assist them academically.

Until next fortnight, Kindergarten Ruby

1 PEARL

Assalamu alaikom, Dear parents,

Welcome to week 2 of term 3! Year 1 students are making a wonderful progress towards their literacy, most students have now jumped at least 2 levels higher in their reading and fluency performance.

Please remember that 15- 20 minutes of focused guided reading daily will guarantee a progress by the end of the year Insha Allah. Year one are attempting to write daily in preparation for year 2 Insha Allah.

As you may be aware, students now have an additional 10 minutes snack break after the morning session.

It is recommended that they have a fruit snack and a water bottle.

Thank you, Ms Shaima

2 PEARL

Asalaamu alaikum Pearl class families,

Can you believe it? The year is almost over and what a strange one it has been. Despite the set-backs caused by Covid the children have all been working very hard. It's fantastic to see how much they've developed since the start of the year.

This term we are focusing on persuasive writing in English and are currently looking at statistics in Maths. For Science we are studying forces and energy and in Geography we are exploring weather and landscapes to answer the question 'why do cherries grow in Young?'

InshaAllah, we'll be doing swimming later this term but at the moment the students have been enjoying a rotation of Yoga, Parachute and 'The floor is lava'. For CAPA we are focusing on movement to nasheeds and hope to incorporate some movements into our end of year presentation.

Assessments will start in week 7 this term so the children need to keep up with their homework to get the most out of the short learning time. Until next time, may Allah keep you and your families safe and healthy.

Regards, Ms Ellen

3/4 EMERALD

Assalamu alaikum families! It is great to see all the children back and ready to face the final term of 2020. We have lots of fun in store for them and I can't wait to see how the next 10 weeks unfold! I have made the decision (after requests from the children) to incorporate a little more food and cooking activity into our timetable, so all going well, we will endeavour to try and do something "food-y" on Tuesday's this term. I know that the children are all very excited for this!

Aside from food, we have of course changed topics in all of our subjects as it is the start of a new term. In English we are writing explanation texts, in Science we are learning about physics (particularly forces), in Geography we are learning about different environments, and Maths will be a variety of lots of different skills. We have already enjoyed creating a few experiments to introduce us to the topic of forces, so I hope that we like this subject matter as much as we did with Space last term!

As always in T4, no hats no play is being enforced! Please remind the children to bring water, a hat, and possibly a fruit snack for snack break in the mornings. I have also encouraged the students to try and read at home at least 4 times per week. Thank you very much, I look forward to a wonderful term.
Ms Jasmin

5/6 SAPPHIRE

Assalamu Alaikum students, parents, and caregivers,

Welcome back to Term 4! This Term is going well so far. I am really shocked about how quick it is going already! How are we already in Week 2!

The students have already had some fun things happen this term. We had a visit from Healthy Harold and learned about the risks of alcohol. The students were mostly sensible with their answers and were able to learn some new information that they can take away and apply to their everyday life. It was very nice to see the students request a visit from the Harold puppet, even though they are a little older.

Another thing that students were very interested in was the Science work we have been doing in class. We have been learning about electricity and will be completing a few experiments that relate to the topic. The students conducted an experiment this week where they had to turn on an electric clock by using lemons. The boys were able to complete this rather quickly, but the girls had a little difficulty. Don't worry, girls, next time will be your turn!

I would like to take this opportunity to introduce our new Arabic teacher, Mr. Ala'adin. It is great to have him in our class and I am excited to see the knowledge he has with the kids. Ms Amanda

MR ADRIAN

Dear Parents and Caregivers,

Welcome to Term 4. Hopefully, we can put this year behind us soon and be able to get out and about a little more in 2021. However, before then students need to knuckle down, pay attention in class, and work hard to achieve the results that truly reflect their ability. I believe that it has been a good start to the term in this regard, although I have noticed a couple of absences. Please ensure that if your child is absent, they catch up on the work!

I'll try my best to chase them up, but to be honest it is their responsibility. They have been told this many times. Accountability is something I have been really focusing on this year with the students, as they will have to be dressed correctly, punctual, have a good work ethic, etc., when they enter the workforce. It is something we're all mindful here at New Madinah College, and a major focus of mine moving forward. It's a competitive world out there, and I want the students to realise this. Kindest Regards, Mr. Adrian

PRE-KINDY

FORTNIGHTLY
Transition Days
Week 2, 4, 6, 8

From
1.30 to 3:10pm

NO HAT

NO PLAY

The No Hat No Play policy is in full swing this term and will continue throughout term 1 of 2019. Please ensure students come to school with their school hat clearly labelled with their name.

LATE

ARRIVALS

Dear Parents, please ensure your children arrive to school before the bell at 8:55am.

The first 20 minutes of class time is vital for the child's learning and understanding of the lesson.

Thank you we appreciate your understanding.

UPCOMING EVENTS

Date	Event
4 th November	Pre-Kindergarten Transition Day 1:30pm to 3:10pm
17 th November	Year 5/6 Fundraiser
18 th November	Pre-Kindergarten Transition Day 1:30pm to 3:10pm
2 nd December	Pre-Kindergarten Transition Day 1:30pm to 3:10pm
7 th December	Whole-School Excursion

SUDOKU PUZZLE

How to play:

Every Sudoku has a unique solution that can be reached logically.

Enter numbers into the blank spaces so that each row, column and 3x3 box contains the numbers 1 to 9.

1	7		2				5	
				7	1		3	4
		3		8				
	3	5				7	2	
2		9	7		4	5		1
6		7				3	4	
				9		2		
8	9		5	1				
	6				7		9	5
