

ALHAMDULILAH!

ALL THE NEWS THAT'S FIT TO PRINT BROUGHT TO YOU BY NEW MADINAH TIMES

Alhamdulillah for Everything!

Assalamu Alaikum Dear Parents & Carers,

I hope everyone has had a prosperous and blessed fortnight inshaa'Allah. Today we have marked the end of Week 6 which means this is our second last newsletter for the 2020 year subhaanAllah!

Alhamdulillah we have reached the time of year where all class learning is being wrapped up and teachers have begun focusing on in-class revision activities in preparation to week 7 and 8 exams. May Allah SWT open and ease the hearts of our children and fill them with imaan (faith) and 'ilm (knowledge), Ameen!

Everyone has been hard at work planning and preparing for the final stretch of the year which will be full of fun and exciting events in shaa Allah. Have a look at the 'Upcoming Events' section of the newsletter and take note of all the events planned for the New Madinah College community.

All in all it has been a wonderful year thus far and we continue to remind each other to remain focused on the most important thing which is gaining closeness and the pleasure of Allah SWT.

Sincerely, Ms Nada – Assistant Principal

Principal's Message

All praises be to Allah SWT and peace be upon his noble messenger Muhammad PBUH.

Assalamu Alaikum Dear Parents & Carers,

Term 4 has officially past the half way mark and the countdown now begins to the end of the year. Only 4 weeks to go but so many things to accomplish. By the will and help of Allah SWT the year will end on a high.

The next 2 weeks will be about exams. Please encourage your children to do their very best in their exams and aim high. This is the sunnah of Rasool Allah SAWS to strive for our very best.

He said SAWS: "Paradise has one-hundred levels which Allah has reserved for those who strive in his cause, and the distance between each of two levels is like the distance between the Heaven and the Earth. So, when you ask Allah, ask for Al-firdaus which is the best and highest part of Paradise." Sahih Bukhari

May Allah SWT bless all the children, nurture them on the path of his beloved prophet Muhammad SAW and grant us all Al-firdaus of Jannah.

Mouhamad Chmait - Principal

Hadith

The Messenger of Allah (Peace and blessings be upon his) said: "Allah has forgiven my followers for the evil thoughts that occur to their minds as long as such thoughts are not put into action or followed" – Sahih Al-Bukhari 5269

AN INSIGHT INTO OUR GEMS WEEK OF LEARNING

K RUBY

Assalamu alaikum friends, kindergarten have had a fantastic start to swimming with all students confidently and very enthusiastically jumping into the water to start their swimming lessons. Kindergarten conducted themselves and despite their absolute excitement did the college proud and followed instructions. A kind thankyou to all parents that came and helped kindergarten change and for all parents who organised kindergarten and had everything labelled and put in their swimming bag. Your extra bit of organisation and help made kindergartens changing time go a lot more smoothly.

As we are now approaching the second half of the last term. I know I mentioned this last week but PLEASE make sure your child is well rested, has had breakfast in the morning before school and is well prepared for class. Exams are starting next week, and I would like to allow kindergarten every opportunity to do well.

Until next fortnight, Kindergarten Ruby

1 PEARL

Assalamu alaikom dear parents, it is already halfway through the term. Swimming sessions have started this week, some students are using their excellent water skills.

Assessments are starting next week insha Allah. Year one students are doing a great job preparing for the end of year assembly. The next two weeks will be very busy and interesting. Good luck to all students in their exams 🌸

Ms Shaima

2 PEARL

Asalaamualaikum families,

Welcome to week 6. Time continues to fly and the final assessments will be starting shortly. The children are making good progress with their persuasive text writing and we'll be starting talks soon. InshaAllah the children should be able to work on their own talk without too much home support. We've had some consistently good results with spelling from year 2. It's good to see them getting rewarded for their efforts with canteen vouchers in Friday assemblies.

We've nearly finished our swimming sessions, one more to go next week. We've been learning about friendships and problem solving in PDH. The students are keen to try out new ways to communicate to solve problems and are learning how to be better friends to each other.

This week in Science we made parachutes to test out how we can slow gravity down. The children really enjoyed making them and we had some good successes getting our chutes to open.

Until next time, Ms Ellen

3/4 EMERALD

Assalamu Alaikum families. I hope you have all been keeping well and enjoying the warm weather. It has certainly been a great time to start swimming as the children have been loving the opportunity to dive in and cool off! They have been really enjoying their lessons and it always brings a smile to my face to see them having so much fun in the water. Likewise, we have also been having a great time cooking! We have so far made some Nutella pizzas and sweet protein balls, and this week we will attempt a delicious savoury snack!

Next week will commence week 1 of our two weeks of assessments so please ensure that the children are attending school and are arriving on time. We have worked very hard this term though, so I have every confidence in the children and their abilities.

As always, please remind them to wear hats to school and to bring in water bottles.

Thank you, Ms Jasmin

5/6 SAPPHIRE

Assalamu Alaikum students, parents, and caregivers,

Hello! I hope everyone has been well! It has been a big week that has just passed, and I feel like it will just keep getting busier as we approach the end of the year.

Unfortunately, we have had a break from swimming this week and students had to go back to normal sport. Students have been performing well in their swimming lessons and are doing better and better each week. They were practising their diving last week and it was good to see students using the proper technique when diving. It was great to see the students who are afraid of the water jump in and have a fair go too!

Our fundraiser is coming up soon too! Hopefully, it should happen next week. The students and I are excited to make some yummy food to sell! Please send students in with some money when the official day gets announced! A flyer will come around and let you know when this will occur.

Just a reminder that exams are coming up. Please encourage your children to revise their work so that they can achieve the best they can in exams.

Ms Amanda

7/8 DIAMOND & 9 OPAL

MR ADRIAN

Dear Parents and Caregivers,

Students will be completing their examinations and assessment tasks over the next fortnight. It is imperative that they are at school as these will directly impact on their reports. Furthermore, students must catch up on missed work. If they don't take this initiative, it will show in their marks. Thus, I hope you can support me in ensuring that your child achieves the best possible outcome they can during this period.

In other news, students have been participating in tennis at sport. The boys play a pretty solid game, whereas the girls need some work. Colin and I have been working hard to make it more fun for them, and I have seen improvements in enjoyment and skill level over the past two weeks. Let's hope this continues on.

Lastly, we have organised an end-of-year excursion to Canberra. After careful deliberation with Mr. Frank and the other staff at New Madinah College, we decided that one educational visit was necessary, to the National Arboretum, alongside a swim at the Big Splash Waterpark. The educational visit relates to Science and Geography for all grades in high school. It will be a long day filled with fun and adventure.

Kindest Regards, Mr. Adrian
