

# THE FINAL STRETCH!

ALL THE NEWS THAT'S FIT TO PRINT BROUGHT TO YOU BY NEW MADINAH TIMES

## Time to Celebrate!

Assalamu Alaikum Dear Parents & Carers,  
MaashaaAllah we have now reached the final stretch of the 2019 school year. Students have now finalised their end of year assessments which are now being marked and compiled by teachers in preparation for the end of year report cards. InshaaAllah you can expect to receive your child's report card on the second last day of school which is Wednesday 18<sup>th</sup> December.

During the next two weeks students will focus on completing their bookwork and in class activities. Teachers will also be gradually sending home all your child's workbooks, exercise books and the wonderful things they have completed throughout the year.

Alhamdulillah as the end of year approaches we would like to celebrate together with staff, students and parents the success and blessings Allah SWT has bestowed upon our school. The CPC will inshaaAllah host a End of Year Lunch on the last day of school Thursday, 19<sup>th</sup> December after the school assembly. We hope to see you all there.

May Allah SWT continue to shower our College with His barakah as we strive to please Him SWT. \*Miss Nada\*

## Principal's Message

All praises be to Allah SWT and peace be upon his noble messenger Muhammad PBUH.

Assalaamu Alaykum Wa Rahmatullahi Wabarakatuh

It is unbelievable to think there are only 2 weeks left for the completion of the 2019 school year. Maa shaa Allah how the year has gone by so quick. I would like to congratulate the students for the hard work and effort they have put in this year. I am pleased to say we have seen tremendous progress in students academic level and behaviour. In shaa Allah we would like to see students continue to exceed our expectation and grow as individuals who are proud to call themselves Muslims. I would like to thank the parents for their continued support of the College. May Allah SWT bless you and your beautiful families.

There is still so much on for the last 2 weeks of school. Excursions, Swimming Fun Day, Y6 Dinner and End of Year Assembly and End of Year Lunch. Parents please feel free to join us on 16<sup>th</sup> at the pools and 19<sup>th</sup> at the End of Year Lunch, we would love to see you all there.

I ask Allah SWT to give our wonderful College community goodness in the dunya and akhira. I hope you all have a wonderful holiday break, we look forward to seeing everyone in 2020! - Mouhamad Chmait - Principal

# CLASS LEARNING

## AN INSIGHT INTO OUR GEMS WEEK OF LEARNING

**K RUBY**

Annnndddd we are DONE!!!! I think I speak for the students, parents and myself when I say we can all take a deep breath and relax a little more. Well for the students that clued in that they were being assessed that is. Hahaha.

This time is always a little sad as we close the book on a chapter of Kindergarten's lives. They have finished their first year of school and are now ready to progress to the next stage. I would just like to say it has been a pleasure teaching this class this year and each one of your children have done remarkably well. They have continued to surprise, inspire and delight me throughout the year and I am very proud of each and every one of them. I cannot wait to see what they will achieve in the following years to come as they continue to try their best and excel.

I hope everyone has a safe and relaxing holiday and I hope to see everyone well and in good healthy next year. Until then

Kindergarten Ruby

**1/2 PEARL**

Asalaamualaikum parents,

This is the last newsletter item for the year. The last weeks have been busy with assessment. The children have worked so hard in English, Maths, Science, Geography, CAPA and PDHPE.

We made mobiles which catch the light and make noise as part of our Science assessment. It was an interesting experience and many of the children were learning to tie string for the first time. They look really glittery, so I hope there is a good spot for them to hang at home. In Geography the children made posters about a place they feel connected to. In English the children completed a persuasive letter addressed to Mr Mouhammad and in Maths they completed a test of the concepts covered this term. In PDHPE we've been learning about emotional roadblocks that prevent happiness and success.

We have lots of activities coming up in the next 2 weeks. There is swimming on Monday, Tuesday and Wednesday of week 9 and an excursion to Wagga Wagga on Thursday. The swimming fun day will be in week 10 on Monday. The last day of term for children will be Thursday the 19th of December.

We'd like to take this opportunity to wish you a safe and peaceful end of year holiday and we look forward to seeing you and your children in 2020. Regards Ms Ellen

Assalamu Alaykom!

It has been an amazing semester spent here at NMC in year 2, unfortunately it is coming to a closing with a great ending. It has been a pleasure getting to know your children and I have enjoyed being part of their learning journey. They are all wonderful and unique individuals. You should be very proud of the improvements they have made this year.

Your children have been working hard on their assessments in the last fortnight. Alhamdulillah, we have completed all assessments for the year and report cards are currently in the process of being written up.

As a treat for the students in working so hard, we will be traveling to Wagga Wagga on Thursday 12th for the college's end of year excursion. Also, a swimming day on Monday 16th and lastly our fun day on Thursday 18th. I can't wait!!

These events will be an awesome way for students to celebrate the end of the year and have fun all together. I hope that during the summer holidays you enjoy your time with your families.

Till next year, Ms Sarah

## 3/4 EMERALD

Assalamu Alaikum students and parents,

Year 3 and 4 have had a huge last two weeks! We have been making masks and puppets for CAPA and the students have been having a lot of fun doing so! They have been creative with their approach to the tasks and have designed some interesting pieces. We have had everything from unicorn, pumpkin head and creeper masks to unicorn and men in suits for the sock puppets. It has been a joy to see the students getting so involved with the projects and to see them having a lot of fun too!

The second thing I would like to mention is the exams. The students have been working very well through them and have been receiving some outstanding results. Overall, they have been performing well and I am proud (I know I say this a lot, but I truly mean it) with their efforts. Good job, class! By the time this newsletter goes out, they would have completed their last exam, Listening and Speaking (they should do well at this 😊) and will be relieved that there will not be anymore!

I also cannot wait to mention the fun activities that will be occurring soon! We will be attending the local pools for some swimming and some fun. Please remember to send in your permission notes and money so that you can attend and join us for this activity. There will also be an excursion to Borambola. Additionally, I would like to inform parents and students that sandwiches will be served at lunch time, but students should still pack recess and snacks. Lastly, I would like to encourage students to put in their best efforts for classwork and behaviour. Although we are nearing the end, I still expect the best behaviour and effort from the students! 😊 Ms. Amanda

## 5/6 SAPPHIRE & 7/8 DIAMOND

### MR ADRIAN

Assalamu Alaikum parents and families,

And here it is, we are at the end of the school year. From my observations, students appear in good spirits. Why wouldn't they be? In the next couple of weeks they finish their examinations, go on an excursion to Borambola, have a swimming fun day, etc. This all culminates in students having multiple weeks off from school. Parents of 5/6, I want you to know that we are still in the running for Class of the Year! I mean, I know they're the best class, but some would say I am biased! I am really looking forward to testing out the Year 6 students in high school next year too; can't wait! Parents of 7/8 students, I just want you to know that they are swimming along nicely and have nearly finished their examinations. I am looking forward to teaching some of them in Year 9 next year and delivering new content. But before then they must knuckle down and achieve the best marks possible. Your assistance with this is greatly appreciated.

Yours Sincerely, Mr. Adrian

### MS AMIRA

Wow! This is a last newsletter for the year 2019. It was a delight to see an Australian netball athlete volunteer her time to offer S4 students netball training skills to keep them active. We are looking forward for the upcoming events to enjoy as reward for the year's hard work and students continuous strive for excellence.

In Technology and Applied Science, students have finalised their final project 'designing and constructing a motorised dragster car racer'. It was great to see students working independently and evaluating their work to be error free. I hope to see students continue to enjoy this subject as they move onto year 8 or 9.

Stage 3 finalised the unit 'Light up!' with a project of making sunglasses and apply the concepts learnt about light to their design. It was great to see student experiment with different colours/shades and exert their best effort to produce really creative work. I hope to see the same enthusiasm and love for Science in Year 7 as our year 6 farewell primary school.

S3 drama performances were completed as part of their final assessment for the term. All students worked co-operatively with their team members and put forward an attentive dramatic performance for the audience. I hope that S3 will keep up their laughter, bazaar questions and co-operatives smiles for next year. Regards, Ms Amira.

## SWIMMING FUN DAY

Parents are welcome to join us on the day

## BORAMBLA EXCURSION

### Checklist:

Swimming Uniform  
Sports Uniform  
Change of Clothes  
Spare Undergarments  
Plastic Bag / Towel  
Recess/Snacks

Please be informed the centre will be offering free sandwiches for lunch.

## IMPORTANT DATES

Last Day of School  
19<sup>th</sup> December  
2019

First Day for Kindergarten  
3<sup>rd</sup> February 2020

First Day Back to School Years 1 to 9  
4<sup>th</sup> February 2020

# UPCOMING EVENTS

Date	Event
12th December	School Excursion
16th December	Swimming Carnival Fun Day
18th December	Year 6 Dinner
19th December	End of Year Celebrations and Lunch
19th December	Last day of School – End of Year Assembly
3rd February	First day of school for Kindergarten
4th February	First day back to school grades 1 to 9

## Sudoku

Every Sudoku has a unique solution that can be reached logically. Enter numbers into the blank spaces so that each row, column and 3x3 box contains the numbers 1 to 9 without repeats.

		3	8	4		
	6	5			7	8
		4	3	5	6	9
6		1	9			7 2
			4			
3	7			6	1	4
9		7		1 3	2	
1		2			8	5
		6	7	3
